Topics include:

| Module # | Title and Description | Available: | CME | CNE | CEU |
|---------------|---|------------|------|-----|-----|
| 1 (WB2857) | <u>Addressing the Opioid Epidemic: Recommendations from CDC</u> Get an overview of the CDC Guideline for Prescribing Opioids for Chronic Pain. This module explains the rationale for the Guideline's creation, highlights key recommendations, and describes the benefits of implementing the Guideline. | | 1.0 | 0.9 | 0.1 |
| 2 (WB2859) | <u>Treating Chronic Pain Without Opioids</u> Review various options and tools for managing chronic pain. Skills include identifying appropriate nonopioid medications and nonpharmacologic treatments and facilitating a patient-centered approach. | | 0.75 | 0.6 | 0.1 |
| 3 (WB2858) | <u>Communicating With Patients</u> Learn communication strategies they can use when treating chronic pain, including motivational interviewing. | | 0.75 | 0.6 | 0.1 |
| 4 (WB2864) | <u>Reducing the Risks of Opioids</u> Learn best risk mitigation strategies and when to employ them when prescribing an opioid. | | 1.0 | 1.0 | 0.1 |
| 5 (WB2863) | <u>Assessing and Addressing Opioid Use Disorder</u> Learn methods for assessing and addressing an opioid use disorder when it is suspected. | | 1.0 | 0.7 | 0.1 |
| 6 (WB2861) | <u>Dosing and Titration of Opioids: How Much, How Long, and How and When to Stop</u> Learn methods for properly dosing and titrating opioids in order to reduce risk of opioid use disorder and overdose. | | 1.0 | 0.9 | 0.1 |
| 7 (WB2860) | <u>Determining Whether to Initiate Opioids for Chronic Pain</u> Learn mechanisms for deciding if opioids should be prescribed, and next steps for treatment – whether opioid or non-opioid treatments are selected. | | 1.0 | 0.7 | 0.1 |
| 8 (WB2862) | <u>Implementing CDC's Opioid Prescribing Guideline into Clinical Practice</u> Learn quality improvement strategies and tools to help incorporate Guideline recommendations into clinical workflow. | | 1.0 | 0.9 | 0.1 |
